

About the Library

- College is a part of higher education. Library is heart of the college and its vital role is very important for the student development. Library is a bridge between teaching and learning process. Library is a primary sources for learning process. Library serves the user by providing specific information to the user.
- Library is a connecting link between teaching and learning as well as place which supplements its resources which is beyond scope of classroom.
- The library is a part of the institution since its inception in 1973.
- Library has very rich collections of books on various branches of knowledge.
- Library is a servicing centre of the college.
- Library has collection of textbooks, reference books, e-journals , e-books and periodicals.
- Library is partially automated Version 16.2 e-lib software on 2011-12

Objectives

- ✓ To acquire, organize and update the library collection to support teaching and learning process.
- ✓ To encourage student to read beyond the requirements of the curriculum.
- ✓ Library provides the information skills, knowledge and the use of technology in accessing information needed to strengthen research and extension.
- ✓ To provide instructions and assistant in the effective use of learning resources.
- ✓ Through orientation and workshops student will get knowledge about the library resources.

Vision

- To provide a student-centred learning environment that facilitates transference of information and to cater to the needs of its users to access it.
- To augment and maintain collections in support of the academic pursuits of the College. Reprographic Services (photocopy facility at subsidized rates.
- To explore and implement innovative technologies and services to deliver information and scholarly resources, conveniently to users in the campus. To also provide well-equipped and functional physical spaces where students can pursue learning independently beyond the classroom.

Mission

- To provide comprehensive resources and services in support of teaching, learning and research needs of the academic community
- To foster an environment that envisage and enhance intellectual acumen.
- Putting technology to use innovatively for the flexible delivery of services and resources to users regardless of location within the campus.

Significant and important initiatives implemented

- * Selection of hardware and software for library automation, Bar-coding of books for speedy circulation, increasing in circulation of books, internet facility, Wi-Fi facility and subscription of e-resources worldwide and library open access system.
- The college organizes orientation programme at the beginning of the year for the students of First year BA/B.Com. In that programme the Chief Librarian explains the rules and regulation in general and students are motivated for reading.
- Each student gets **2 UGC books, 2 regular books, 2 books for SC and ST students from Book bank scheme and 2 books for minorities & Poor**
- During the summer vacation, students are permitted to allow using the library to enhance their learning through reference Books are issued to students to get prepared well in advance for the final year examination.
- Library books exhibition is arranged to encourage library use by students.
- Reading room facility for faculty and students.
- Providing suggestions and guidelines to design the activities of the library as learner centre, depending on the needs of the users.
- To monitor the procurement of library collection to add the latest books, journals, magazines, CDs, DVDs, etc. to make the library more effective as learner centre.
